

# Camping

1. Should camping facilities and capacity within Folsom Lake SRA be:

- Reduced
- Maintained at current levels
- Increased minimally (fewer than 100 sites)
- Increased significantly (more than 100 sites)?

2. If new facilities are provided, what type of camping should be provided.

(Write in a number between 1 (high) and 4 (low) to indicate priority)?

- Family
- Group
- Environmental (i.e. no potable water/vehicle access)
  - Boat-in
  - Equestrian-/hike-in

3. Where should new camping be located? (Place a dot by each location you feel should have camping facilities).

- Peninsula
- Beals Point
- Negro Bar
- Mississippi Bar
- Rattlesnake Bar
- Wild Goose Flat

4. Which alternative most closely resembles your vision for camping within the SRA?

- Alternative 1
- Alternative 2

# Day Use

1. Should the number and capacity of day use facilities within Folsom Lake SRA be:
- Reduced

• Maintained at current levels

• Moderately increased (i.e. focus on enhancement and expansion of existing facilities with only a few new facilities)

• Significantly increased (i.e. major expansions to existing facilities and/or add major new facilities)?
2. If new facilities are provided, what type of day use facilities should be provided. (Write in a number between 1 (high) and 4 (low) to indicate priority)?
- Picnic Areas

• Group Picnic Areas

• Swimming beaches

• Interpretive facilities (centers, signs/displays)

• Museums

• Visitor Centers

• Toilets

• Drinking Water
3. Which existing facilities should be expanded?
- Granite Bay

• Beals Point

• Peninsula

• Folsom Point

• Negro Bar

• Willow Creek

• Nimbus Flat

• Lake Overlook
4. Which alternative most closely resembles your vision for day use facilities within the SRA?
- Alternative 1

• Alternative 2
